MONDAY 27 JANUARY

11.00 - 12.30

FLOWERS, FLUIDITY AND FUN*

LIDEWIJ EDELKOORT - TREND FORECASTER

The Spring/Summer 2026 trends, presented by Lidewij Edelkoort, celebrate fluidity in both design and mindset. Fashion will feature flowing, pleated textiles that mirror the complexities of human emotions, blending romantic details with soft, dynamic forms. Floral inspirations will drive bold color combinations and shapes, resulting in vibrant, moody, and sensual palettes. Interior design will channel the innocence of childhood, fostering joy and lightness through playful, imaginative creations. In uncertain times, this trend invites a rediscovery of freedom and creativity, using design to uplift and heal the spirit.
